

September, 2011

Dear Parents/Guardians,

DPA (Daily Physical Activity) is a component of the Ontario Curriculum which requires students to participate in physical activities on days when they do not have a scheduled Physical Education Class. Walking is one activity that classes enjoy but requires students to be supervised off the school property. Walks may occur on days when the weather and teachers' timetables complement one another. Please sign below that you give your child permission to join us on our DPA walks off of the school property.

Sincerely,
The Oakridge Staff

I give my son/daughter _____
permission to leave school property for DPA walks.
