

**SCIENCE**

**Sparking  
Imaginative  
Learning**

**MAD SCIENCE®  
Enrichment Program**

**COURSE REGISTRATION FORM**

**COMPLETELY NEW TOPICS FROM LAST TIME**  
A 6-week science club running afterschool.  
Receive over \$20 in Club membership benefits

**Watt's Up?**

Learn about electricity, its properties and its role in natural phenomena. Make indoor lightning while conducting hair-raising experiments with our electro-static generator...

**3D Science**

Participate in the Famous Frankfurter Experiment. Cross your eyes to make images pop out of the page. Learn how images can change shape before our eyes. Use your very own Mad Science Anaglyph Glasses to view 3D cards!

**Under Pressure**

Join Bernoulli and Newton as we take this exciting look at the science behind aerodynamics and the properties of air... under pressure. Use a vortex generator to create air pockets with a punch, and levitate ping-pong balls in defiance of gravity!

**The Glow Show**

Discover amazing things that glow bright in the dark and come to light! Probe the properties of light and explore some unusual applications of glow-in-the-dark technology! Use your Blacklight Writer to make secret messages that only you can see!

**Detective Science**

Discover how science is used to solve real crimes! Watch as the classroom is transformed into a crime lab for this exciting exploration of the fundamentals of forensics. Children will even take home their very own Child Identification Kit. It's so much fun, it's criminal!

**Walloping Weather**

Discover how hurricanes, tornadoes, and thunderstorms develop, and how powerful they can be! Our junior meteorologists will be making more reliable forecasts than the local news. Just ask students to consult their personal UV detectors to check whether it's time to cover up!

Date Cheque (or call us to post-date): Thursday March 11, 2010 Cheques Payable to: **MAD SCIENCE**

**NOTE:** Unlike cash, cheques can be traced or cancelled - we cannot be responsible for payments that do not reach us

## MAD SCIENCE CLUB POLICIES

- Mad Science is held at your child's school. All supplies and materials are included in the class fee.
- Students will be grouped by like grades when there is sufficient enrolment. Class sizes range from 12-20.
- Online registration saves the school hassle and ensures your spot- [www.madscience.org/Niagara](http://www.madscience.org/Niagara)
- Families living in Niagara and receiving support through Ontario Works, Niagara Regional Housing, the Ontario Disability Support Program, or Childcare Subsidy can call PRO Kids at 984-3750 for subsidy. Subsidy may take a few weeks to come through. In order for your child to begin the Mad Science program on time, please notify us at the Mad Science office that you've applied for subsidy.
- You will only be contacted if your child does NOT get in the class. Unless you hear from us, assume that your child is enrolled and we will see them the first day of class!
- If your child is going to miss a class, refund requests made before the 2<sup>nd</sup> day of the Club will receive a full refund, after that a \$10 administration fee will apply.
- Mad Science is not responsible for the children before or after the stated class times. However, we will work with the school and parents to facilitate the transition of students to and from our programs.
- Give the Lab a call to receive a 20% discount on 3<sup>rd</sup> and subsequent children enrolled.
- If your child will be picked up after the Club, you must meet your child at the Mad Science room. If our staff is forced to remain more than 15 minutes after the end of a class caring for an unattended child, late parents will be billed at the rate of \$1 per minute from the end of class to the time the child is picked up.
- When positive reinforcement methods fail, we have a '3 strikes and you're out' discipline policy, consisting of loss of class privileges, phone call home, and expulsion from the program.
- Please date cheques for the registration deadline or contact us to post date. A \$35 fee will be charged for cheques that are returned NSF, and further collections charges may apply.
- If buses are cancelled or schools are closed, then Mad Science Club will also be rescheduled.
